Questions in invitation to comment

Questions
- Amendments you disagree with or have comments on?
- Any further issues not addressed by the amendments?
- Does ‘fiduciary capacity’ need to be clarified or replaced?
- Are the proposed transition provisions and effective date appropriate?
- Is tentative 3-year cycle for updating IFRS for SMEs (+ possibility to address urgent issues more frequently) appropriate?
- Other comments?

Comment period

Exposure Draft
- Planned September/October 2013
- Comment deadline February 2014 (150 days)

Guidance booklet on micro SMEs

IASB staff have developed guidance to help micro-sized SMEs apply IFRS for SMEs
- Tiny companies
- Not a new standard
- Extract relevant principles from IFRS for SMEs
- Guidance booklet will contain cross-references to IFRS for SMEs for matters omitted in micro booklet
- Expected to be issued in June 2013

The IFRS for SMEs

Good Financial Reporting Made Simple
- 230 pages, issued 9 July 2009
- Simplified IFRSs, but built on a full IFRS foundation
- Modifications based on 2 criteria:
  - needs of users of SME financial statements
  - cost-benefit considerations
- Completely stand-alone
Who is eligible to use it?

Any entity that does not have public accountability:
• its debt or equity instruments are not traded in a public market, and
• it does not hold assets in a fiduciary capacity for a broad group of outsiders as one of its primary businesses, e.g., not a financial institution

and is required or chooses to produce General Purpose Financial Statements (GPFS)

Jurisdiction adoption

Today (September 2013), to the best of our knowledge:
• Over 80 jurisdictions have either adopted the IFRS for SMEs or stated a plan to adopt it within the next three years

Proposed amendments

All but 5 proposed amendments are one of following

- Full IFRSs
  • Align requirements with full IFRSs
  • New or revised IFRSs (as discussed) and/or clarifying guidance

- Clarification
  • Clarify existing requirements or remove unintended consequences
  • For better understanding and application of requirements

- Rare
  • No material impact for vast majority of SMEs because transactions rarely encountered

Other 5 amendments

- Revised requirements for estimating useful life of goodwill and other intangible assets (2)
- New undue cost or effort exemptions (3)
