This Profile provides information about the application of IFRS Standards in Bahrain. IFRS Standards are developed and issued in the public interest by the International Accounting Standards Board (the Board). The Board is the standard-setting body of the IFRS® Foundation, an independent, private sector, not-for-profit organisation.

This Profile has been prepared by the IFRS Foundation based on information from various sources. The starting point was the answers provided by standard-setting and other relevant bodies in response to surveys that the Foundation conducted on the application of IFRS Standards around the world. The Foundation drafted the profile and invited the respondents to the survey and others (including regulators and international audit firms) to review the drafts, and their comments are reflected.

The purpose of the IFRS Foundation's Jurisdictional Profiles is to illustrate the extent of implementation of IFRS Standards across the globe only. The Profiles do not reflect the intellectual property licensing status of IFRS Standards within any given jurisdiction. The IFRS Standards are protected by copyright and are subject to different licensing arrangements according to jurisdiction. For further information, please contact Licences@ifrs.org.

EXTENT OF IFRS APPLICATION

For DOMESTIC companies whose debt or equity securities trade in a public market in the jurisdiction:

Are all or some domestic companies whose securities trade in a public market either required or permitted to use IFRS Standards in their consolidated financial statements?

Yes.

If YES, are IFRS Standards REQUIRED or PERMITTED?

Required.

Does that apply to ALL domestic companies whose securities trade in a public market, or only SOME? If some, which ones?

All.

Are IFRS Standards also required or permitted for more than the consolidated financial statements of companies whose securities trade in a public market?

Yes.

For instance, are IFRS Standards required or permitted in separate company financial statements of companies whose securities trade in a public market?	Required.
For instance, are IFRS Standards required or permitted for companies whose securities do not trade in a public market?	IFRS Standards or the IFRS for SMEs Standard is required.
If the jurisdiction currently does NOT require or permit the use of IFRS Standards for domestic companies whose securities trade in a public market, are there any plans to permit or require IFRS Standards for such companies in the future?	Not applicable.

For FOREIGN companies whose debt or equity securities trade in a public market in the jurisdiction:

Are all or some foreign companies whose securities trade in a public market either REQUIRED or PERMITTED to use IFRS Standards in their consolidated financial statements?

Yes.

If YES, are IFRS Standards REQUIRED or PERMITTED in such cases?

Required.

Does that apply to ALL foreign companies whose securities trade in a public market, or only SOME? If some, which ones?

All.

IFRS ENDORSEMENT

Which IFRS Standards are required or permitted for domestic companies?

IFRS Standards as issued by the IASB Board.

The auditor's report and/or the basis of presentation footnotes states that financial statements have been prepared in conformity with:

IFRS Standards.

No. There is no local GAAP in the Kingdom of Bahrain.

Are IFRS Standards incorporated into law or regulations?

Yes. [See above.](#)

If yes, how does that process work?

Not applicable.

If no, how do IFRS Standards become a requirement in the jurisdiction?

Not applicable.

No.

If yes, what is the process?

Not applicable.

If no, how do new or amended IFRS Standards become a requirement in the jurisdiction? Because the Commercial Companies Law requires IFRS Standards, endorsement of individual new or amended IFRS is not needed.

If yes, what are the changes? Not applicable.
