This Profile provides information about the application of IFRS Standards in Kosovo. IFRS Standards are developed and issued in the public interest by the International Accounting Standards Board (the Board). The Board is the standard-setting body of the IFRS® Foundation, an independent, private sector, not-for-profit organisation.

This Profile has been prepared by the IFRS Foundation based on information from various sources. The starting point was the answers provided by standard-setting and other relevant bodies in response to surveys that the Foundation conducted on the application of IFRS Standards around the world. The Foundation drafted the profile and invited the respondents to the survey and others (including regulators and international audit firms) to review the drafts, and their comments are reflected.

The purpose of the IFRS Foundation's Jurisdictional Profiles is to illustrate the extent of implementation of IFRS Standards across the globe only. The Profiles do not reflect the intellectual property licensing status of IFRS Standards within any given jurisdiction. The IFRS Standards are protected by copyright and are subject to different licensing arrangements according to jurisdiction. For further information, please contact Licences@ifrs.org.

COMMITMENT TO GLOBAL FINANCIAL REPORTING STANDARDS

Has the jurisdiction made a public commitment in support of moving towards a single set of high quality global accounting standards?

Yes.

Has the jurisdiction made a public commitment towards IFRS Standards as that single set of high quality global accounting standards?

Yes.

Law No.04/L-014 on *Accounting, Financial Reporting and Audit* requires all business organisations registered as limited liability companies or shareholder companies in Kosovo to apply IAS Standards and IFRS Standards as issued by IASB Board following approval by KCFR. That law as published in the *Official Gazette of Kosovo* is available in English here:

[http://gazetazyrtare.rks.gov.net/Documents/Ligji%20per%20raportim%20financiar%20dhe%20auditim%20\(anglisht\).pdf](http://gazetazyrtare.rks.gov.net/Documents/Ligji%20per%20raportim%20financiar%20dhe%20auditim%20(anglisht).pdf)

What is the jurisdiction's status of adoption?

Kosovo has adopted IFRS Standards.

Additional comments provided on the adoption status?

Kosovo has a three-tier accounting standards structure as follows:

- Large commercial companies must use full IFRS Standards. Those are companies that meet two of the three following criteria: annual turnover (net) greater than €4,000,000; total assets greater than €2,000,000; and average number of employees greater than 50.
- Micro-sized entities must use standards developed for them by the KCFR. Micro-sized entities are those with annual turnover €50,000 or less; total assets €25,000 or less; and average number of employees not more than 10.
- Small and medium-sized entities must use the IFRS for SMEs Standards. These are all business entities that are neither large nor micro-sized.

SMEs and micro-sized entities may use full IFRS Standards if they wish.

If the jurisdiction has NOT made a public statement supporting the move towards a single set of accounting standards and/or towards IFRS Standards as that set of standards, explain the jurisdiction's general position towards the adoption of IFRS Standards in the jurisdiction.

Not applicable.

EXTENT OF IFRS APPLICATION

For DOMESTIC companies whose debt or equity securities trade in a public market in the jurisdiction:

Are all or some domestic companies whose securities trade in a public market either required or permitted to use IFRS Standards in their consolidated financial statements?

There is no stock exchange in Kosovo. Large commercial companies are required to use IFRS Standards. Other companies may elect to do so. See [details above](#).

If YES, are IFRS Standards REQUIRED or PERMITTED?	Not applicable.
Does that apply to ALL domestic companies whose securities trade in a public market, or only SOME? If some, which ones?	Not applicable.
Are IFRS Standards also required or permitted for more than the consolidated financial statements of companies whose securities trade in a public market?	Yes.
For instance, are IFRS Standards required or permitted in separate company financial statements of companies whose securities trade in a public market?	Large commercial companies are required to use IFRS Standards. Other companies may elect to do so. See details above .
For instance, are IFRS Standards required or permitted for companies whose securities do not trade in a public market?	Large commercial companies are required to use IFRS Standards. Small and medium-sized entities (SMEs) are required to use the IFRS for SMEs Standard, with an option to use full IFRS Standards if they wish. See details above .
If the jurisdiction currently does NOT require or permit the use of IFRS Standards for domestic companies whose securities trade in a public market, are there any plans to permit or require IFRS Standards for such companies in the future?	Not applicable.

For FOREIGN companies whose debt or equity securities trade in a public market in the jurisdiction:

Are all or some foreign companies whose securities trade in a public market either REQUIRED or PERMITTED to use IFRS Standards in their consolidated financial statements?	There is no stock exchange in Kosovo.
If YES, are IFRS Standards REQUIRED or PERMITTED in such cases?	Not applicable.
Does that apply to ALL foreign companies whose securities trade in a public market, or only SOME? If some, which ones?	Not applicable.

IFRS ENDORSEMENT

Which IFRS Standards are required or permitted for domestic companies?	IFRS Standards as issued by IASB Board and approved by Kosovo Council for Financial Reporting. If, for any reason, the KCFR has not approved a particular IFRS Standard (which has not happened), Law No.04/L-014 on <i>Accounting, Financial Reporting and Audit</i> nonetheless permits any business organisation to prepare its financial statements in conformity with IFRS Standards as issued by the IASB Board and so inform the KCFR.
The auditor's report and/or the basis of presentation footnotes states that financial statements have been prepared in conformity with:	IFRS Standards.

Does the auditor's report and/or the basis of preparation footnote allow for 'dual reporting' (conformity with both IFRS Standards and the jurisdiction's GAAP)?	No.
Are IFRS Standards incorporated into law or regulations?	Yes.
If yes, how does that process work?	IFRS Standards are recognised under Law No.04/L-014 on <i>Accounting, Financial Reporting and Audit</i> . See details above .
If no, how do IFRS Standards become a requirement in the jurisdiction?	Not applicable.
Does the jurisdiction have a formal process for the 'endorsement' or 'adoption' of new or amended IFRS Standards (including Interpretations) in place?	Yes.
If yes, what is the process?	The Kosovo Council for Financial Reporting (KCFR) reviews each new and amended IFRS Standards after it has been translated into Albanian by the National Accounting Council of Albania. KCFR approves the IFRS Standard for use in Kosovo.
If no, how do new or amended IFRS Standards become a requirement in the jurisdiction?	Not applicable.
Has the jurisdiction eliminated any accounting policy options permitted by IFRS Standards and/or made any modifications to any IFRS Standards?	No.
If yes, what are the changes?	Not applicable.
Other comments regarding the use of IFRS Standards in the jurisdiction?	None.
TRANSLATION OF IFRS STANDARDS	
Are IFRS Standards translated into the local language?	Yes. The Albanian translation is used in Kosovo.
If they are translated, what is the translation process? In particular, does this process ensure an ongoing translation of the latest updates to IFRS Standards?	The translation is done by Keshilli Kombetar i Kontabilitetit – the National Accounting Council of Albania – under contract with the IFRS Foundation. The translated standards may be found here: http://www.kkk.gov.al/faqe.php?id=1&l2=101 Translation of the most recent standards (issued 2012-2013) is in progress. The IFRS for SMEs Standard has already been translated into Albanian.
APPLICATION OF THE IFRS FOR SMEs STANDARD	
Has the jurisdiction adopted the IFRS for SMEs Standard for at least some SMEs?	Yes.
If no, is the adoption of the IFRS for SMEs Standard under consideration?	Not applicable.

Did the jurisdiction make any modifications to the IFRS for SMEs Standard?	No.
If the jurisdiction has made any modifications, what are those modifications?	Not applicable.
Which SMEs use the IFRS for SMEs Standard in the jurisdiction, and are they required or permitted to do so?	<p>Small and medium-sized entities (SMEs) in Kosovo are required to use the IFRS for SMEs Standard starting 1 January 2015. That requirement was adopted by the Kosovo Council for Financial Reporting (KCFR) – the accounting standard setter in Kosovo – pursuant to Law No. 04/L-014 on Accounting, Financial Reporting and audit. Consequently, Kosovo now has a three-tier accounting standards structure as follows:</p> <ul style="list-style-type: none"> • Large commercial companies must use full IFRS Standards. Those are companies that meet two of the three following criteria: annual turnover (net) greater than €4,000,000; total assets greater than €2,000,000; and average number of employees greater than 50. • Micro-sized entities must use standards developed for them by the KCFR. Micro-sized entities are those with annual turnover €50,000 or less; total assets €25,000 or less; and average number of employees not more than 10. • Small and medium-sized entities must use the IFRS for SMEs Standard. These are all business entities that are neither large nor micro-sized. <p>SMEs and micro-sized entities may use full IFRS Standards if they wish.</p>
For those SMEs that are not required to use the IFRS for SMEs Standard, what other accounting framework do they use?	See above.
Other comments regarding use of the IFRS for SMEs Standard?	None.
