This Profile provides information about the application of IFRS Standards in Oman. IFRS Standards are developed and issued in the public interest by the International Accounting Standards Board (the Board). The Board is the standard-setting body of the IFRS® Foundation, an independent, private sector, not-for-profit organisation.

This Profile has been prepared by the IFRS Foundation based on information from various sources. The starting point was the answers provided by standard-setting and other relevant bodies in response to surveys that the Foundation conducted on the application of IFRS around the world. The Foundation drafted the profile and invited the respondents to the survey and others (including regulators and international audit firms) to review the drafts, and their comments are reflected.

The purpose of the IFRS Foundation’s Jurisdictional Profiles is to illustrate the extent of implementation of IFRS Standards across the globe only. The Profiles do not reflect the intellectual property licensing status of IFRS Standards within any given jurisdiction. The IFRS Standards are protected by copyright and are subject to different licensing arrangements according to jurisdiction. Other comments regarding use of the IFRS for SMEs Standard?	Public discussions are going on regarding the IFRS for SMEs Standard in Oman. The Central Bank of Oman requires all companies that have a bank facility of more than RO 250,000 (approximately US\$ 650,000) from one bank or RO 500,000 (approximately US\$ 1,300,000) from all the banks to file the audited financial statements within four months from the end of the reporting period. Since most SMEs are now following IFRS Standards, auditors and management of SMEs are under tremendous pressure to meet the filing criterion. Adoption of the IFRS for SMEs Standard will reduce the time spent in that process. Accounting firms have begun IFRS for SMEs Standard training programmes in conjunction with the Chamber of Commerce, Ministry of Finance, Central Bank of Oman, and the Capital Market Authority.
